1. Overview

This class is an introduction to moral philosophy. It is divided into three sections. In the first we will examine an area of moral theory known as metaethics. Metaethical theories attempt to answer general questions about the nature of morality. They include whether morality depends on God's will, whether moral truths are culturally relative and whether morality is reducible to self-interest. Section two addresses normative ethics, or the branch of moral theory that seeks to outline our ethical duties and obligations. A representative question in this area of moral theory would be whether it is permissible to kill one person to save five others. Our third and final section addresses the relationship between morality and evolution. Here we will examine whether evolutionary theory can explain morality and what, if anything, can be learned about human morality through the study of primates.

4. General Information

4a Office Hours

I keep both normal and electronic office hours. Drop by in person or contact me via Skype (ID: andy_lamey). I am also available immediately after class or by appointment. I am always happy to discuss any aspect of this course with you.

4b Email Policy

I am happy to reply to emails sent from UCSD email addresses. I do not reply to emails from non-UCSD addresses. Please note that there are two subjects I do not discuss by email, even if they are sent from a UCSD account. These are:

- a) Requests for information about the exam that arrive in the 24-hour period immediately preceding the exam.
- b) Requests to adjust your final class grade. If you have an issue with your grade please make an appointment to discuss it during my office hour next quarter.

4c Submission

Both essays will be submitted electronically. Hard copies are not required.

4d One-time Discretionary TA Extensions

Teaching assistants can grant each student one extensions of up to 48 hours without requiring a medical certificate or other documentation. In order to grant such an extension your TA needs to receive your request before noon on the day the assessment in question is due. Email is fine, but please note that UCSD's email servers sometimes go down, and students are advised not to leave their requests to the last minute. Requests received after noon on the due date will require documentation, as will requests for extensions longer than 48 hours. Please

note that if you receive an extension your paper may be returned a few days after those that were completed on time.

Note that each student is entitled to only one discretionary TA extension. So if you receive one for your first essay, any extension for the second essay will require documentation.

4e Late Work

For all assignments handed in late without an extension, a five percent penalty applies for the first day of the missed deadline. After that, a penalty of two percent per day will be applied for the next thirteen calendar days after the due date (including Saturdays and Sundays). No assignment can be accepted after more than fourteen calendar days except in exceptional circumstances and in consultation with your professor. Assignments that are handed in late without an extension will be graded and returned after those that were completed on time and will not receive comments.

4f Remarking

Students unhappy with their grade for a class essay can apply to have it re-marked. Students first need to arrange a face-to-face meeting with their marker to discuss the basis for the original grade. Please note that email or other electronic forms of communication are not an acceptable substitute and no remarking will occur without an initial face-to-face meeting. If the student and marker come to an agreement on the merit of the initial mark, or on an adjusted mark resulting from their meeting, no further student action is required. If the student still prefers a remark he or she should email me a clean copy of the original essay, without the original marker's grade or comments. The essay will then go to a second grader unfamiliar with the original grade for remarking.

In order for a remark to occur I need to receive the clean copy within two weeks of the original essay mark being released, or before the exam, whichever is sooner. Whatever grade the second marker gives the essay will be the final mark, even if it is lower than the original marker's grade.

NB: there is no option to regrade exams or do assignments for bonus marks.

4g Accommodation for Disability

Students requesting accommodations for this course due to a disability must provide a current Authorization for Accommodation (AFA) letter issued by the Office for Students with Disabilities (OSD) which is located in University Center

202 behind Center Hall. Students are required to present their AFA letters to Faculty (please make arrangements to contact me privately) and to the OSD Liaison in the department in advance so that accommodations may be arranged. Contact the OSD for further information: 858.534.4382 (phone), osd@ucsd.edu (email), disabilities.ucsd.edu (web)

4h Academic Integrity

Integrity of scholarship is essential for an academic community. The University expects that both faculty and students will honor this principle and in so doing protect the validity of University intellectual work. For students, this means that all academic work will be done by the individual to whom it is assigned, without unauthorized aid of any kind. More information about UCSD's policy on academic integrity is available at <http://senate.ucsd.edu/Operating-Procedures/Senate-Manual/appendices/2>

4i Lecture Slides

Lecture slides will be made available on TED.

4j Technology in the Classroom

Please note that until further notice, laptops and tablets are not permitted in lecture. Your TA will let you know what the policy is in discussion group.

4k Waitlist

Students will be admitted to this class according to their place on the waitlist.

4l Exams

All students except those registered with the OSD are required to take the exam on the scheduled day and time.
