PHIL 260: Ethics
Spring 2011
Topic: Responsibility
Professor David O. Brink
Syllabus

This is a list of topics and readings. Readings are either (A) required or (B) recommended. Required readings are drawn from the required texts and from additional material that will be available on reserve. Where possible, required readings not in the required texts will be available as electronic reserves [ER]; otherwise, they will be available as hard reserves [HR] in the Philosophy Library (H&SS 8025). Within a topic, do the required readings in the order in which they are listed. Especially recommended readings are indicated with an asterisk. Full publication details for the readings are provided on the Select Bibliography. If you have trouble locating recommended readings, let me know and I may be able to help (e.g. lend a copy). Note that the seminar will not meet in week 2 of the quarter, so that weeks 2-10 on the Syllabus will actually fall on weeks 3-11 of the quarter.
